O v e r v i e w

This Method Statement is intended to provide, as far as is reasonably practicable, a safe system of work for refilling Heavy Goods Vehicles with diesel and/or AdBlue. It details the steps to be taken and the method used to carry out the task safely. All personnel carrying out this activity are expected to co-operate fully with the methods described and follow the risk control measures identified in the associated risk assessment

Hazards Identified

- Cuts and abrasions
- Skin / Eye Contact
- Slips & Trips.
- Fire or explosion

Personal Protective Equipment (PPE) Requirements

Personal Protective Equipment The driver/fueler is equipped with the following:
▪ Safety Footwear (not rigger boots)
▪ Gloves (1 pair chemical resistant & 1 pair multi-purpose)
▪ Full Length High Visibility Clothing
▪ Safety Glasses
The driver/fueler will ensure that all relevant items of PPE are worn at all times whilst on site. The driver will ensure that all site-specific driving regulations are adhered to

Equipment or Machinery Used.
Diesel filling pump / AdBlue filling pump.

COSHH Relevant.
COSHH assessments are within the RAMS and available on request.

Emergency Procedures.

Should an accident or incident occur on fox group sites, it will be reported to the site responsible person and the fox group accident reporting procedure will be followed. The incident must also be reported through the near miss QR code on the front page of the RAMS and up around Sandham House.

Emergency Contact.

Emergency Contact Details (IN CASE OF EMERGENCY OR INCIDENT)
Dan Mcdermott – Transport Manager - 07498202766
Will Moreau - Transport Manager - 07977822871

Description of Activity/Task.

Fox Group expects all sites to comply with the statutory requirements of health and safety legislation and inform us of all known hazards and risks that may affect the health and safety of our employees whilst at that site. For fuel stations this may be in the form of on-site signage making drivers / fueler aware of the risks involved. The fuelers will report to the site office, supervisor (responsible person) for instructions on arrival at site.

Statutory Examinations.

All Vehicles are subject to 6-weekly inspections and annual tests. All on site Diesel and AdBlue equipment Is checked and monitored by site staff. Certificates are available on request. Fuel pumps are subject to their own safe methods of working.

METHOD STATEMENT

Re-filling with Diesel or AdBlue

- Diesel tanks must be kept above ¼ full.
- Fuel is only to be taken on from known certified sources.
- When re-filling from site diesel bunkers, fuel is only to be taken on from specified HGV tanks
- Re-filling is not to be completed with any form of container, due to risk of spillage, injury, or contamination.
- Full PPE must be worn at all times when re-fuelling, this includes chemical resistant gloves and safety glasses.
- Any Diesel or AdBlue that comes into contact with skin, must be washed off as soon as possible with soap and water.
- No smoking in or around fuelling areas. Smoking must only take place in designated areas on site.
- No mobile phone is to be used in and around fuelling areas.
- If diesel or AdBlue is ingested or makes contact with eyes, then inform site immediately for first aid and medical attention to be sought.
- Diesel / AdBlue pump must be kept attended at all times when filling, one hand must always be on the pump securing it to the vehicle tank.
- Site management must be informed immediately if any fuel or AdBlue is spilt so site spillage procedures can be followed.
- Once re-filling is complete, your vehicle fuel cap must be securely fitted, and vehicle checked to ensure no fuel leaks are apparent.
- Inform your transport office immediately if diesel or AdBlue is spilt on the site. If risk to the public is identified, emergency services must be informed.

Under the Health and Safety at Work Act, you are required to inform your Manager of any Health

and Safety issues you may have that would affect or endanger yourself or others whilst carrying out your contracted duties
